

North Central Michigan College Master Course Syllabus

PART 1:

Course Name: Jewelry II

Course Number: ARTS 211

Credit Hrs. 3

Lecture Hrs. 3

Lab Hrs. 0

Clinical Hrs. 0

Variable Hrs. 0

Total Hours of Instruction:

Total Contact Hours:

(Total Contact hour's formula: (lecture hrs. + lab hrs. + clinical hrs) x 17.6)

Course Description:

An opportunity for students with experience in metalsmithing processes to focus on advanced techniques such as chasing & repousse, reticulation, cold joining, patterned metals, patinas, specialized stone settings, mechanisms and chains. An important aspect of this course will be the pursuit of individual design concepts and techniques of special interest to the student.

Prerequisite (s): ARTS 210

Co-requisite (s): None

Course Objectives:

- Practice jewelry design and fabrication on an advanced level.
- Develop metalwork to reflect design themes of special interest to the student.
- Demonstrate advanced metalsmithing techniques on an individualized basis.

Reasonable accommodations can be provided for students with documented disabilities. Please contact Learning Support Services to arrange for these (231)348-6687 or (231)348-6817, Room 533 SCRC.

North Central Michigan College Master Course Syllabus

PART 2:

Lumina DQP outcomes and linked course objectives

(Please identify all Lumina DQP outcomes supported by this course, including the complete language of each outcome as shown on Part 3 of this syllabus. Under each Lumina DQP outcome, please list any course objectives that support the prior DQP outcome.)

Lumina DQP Outcome 1: Describes the scope and principal features of the field of study, citing at least some of its core theories and practices, and offers a similar explication of at least one related field.

- Practice jewelry design and fabrication on an advanced level.

Lumina DQP Outcome 3: Generates substantially error-free products, reconstructions, data, juried exhibits or performances as appropriate to the field.

- Practice jewelry design and fabrication on an advanced level.
- Develop metalwork to reflect design themes of special interest to the student.
- Demonstrate advanced metalsmithing techniques on an individualized basis.

Lumina DQP Outcome 6: Illustrates core concepts of the field while executing analytical, practical or creative tasks.

- Practice jewelry design and fabrication on an advanced level.
- Develop metalwork to reflect design themes of special interest to the student.
- Demonstrate advanced metalsmithing techniques on an individualized basis.

Lumina DQP Outcome 7: Selects and applies recognized methods of the field in interpreting characteristic discipline-based problems.

- Practice jewelry design and fabrication on an advanced level.
- Develop metalwork to reflect design themes of special interest to the student.
- Demonstrate advanced metalsmithing techniques on an individualized basis.

Lumina DQP Outcome 10: Identifies, categorizes and distinguishes among elements of ideas, concepts, theories and/or practical approaches to standard problems.

- Practice jewelry design and fabrication on an advanced level.
- Develop metalwork to reflect design themes of special interest to the student.
- Demonstrate advanced metalsmithing techniques on an individualized basis.

Lumina DQP Outcome 11: Identifies, categorizes, evaluates and cites multiple information resources necessary to engage in projects, papers or performance in his or her program.

- Practice jewelry design and fabrication on an advanced level.

North Central Michigan College Master Course Syllabus

Suggested Methods of Instruction:

Lectures, projects, and critiques pertinent to the development of the students' individual goals

Suggested Methods of Assessment and Evaluation:

Oral and written critiques; Oral and written peer reviews; Presentation of completed work and verbal articulation of design goals

Adopted Text at Time of Course Adoption/Revision:

JEWELRY: FUNDAMENTALS OF METALSMITHING, by Tim McCreight; COMPLETE METALSMITH, by Tim McCreight

Topics Covered During the Semester:

Sequence of topics and time allowance are at the discretion of the instructor

Week 1: Slide presentation: Advanced Processes

Week 2: Review of basic soldering, piercing and finishing processes

Week 3: Process: Chasing & Repousse; Reticulation

Week 4: Process: Cold Joining

Week 5: Process: Mechanisms & Chains

Week 6: Process: Stone Settings

Week 7: Process: Mechanisms & Chains

Week 8: Identification & Design Plan for Project #1

Week 9: Project #1

Week 10: Project #1

Week 11: Project #1 - Critique

Week 12: Identification & Design Plan for Project #2

Week 13: Project #2

Week 14: Project #2

Week 15: Project #2: Critique

Week 16: Presentation Day

Section 1 & Section 2 approved by CRDAP on: 03 25 14

Master Course Syllabus

PART 3:

Use this reference sheet in Part 2 of Master Course Syllabus

Specialized Knowledge

1. Describes the scope and principal features of the field of study, citing at least some of its core theories and practices, and offers a similar explication of at least one related field.
2. Illustrates contemporary terminology used in the field.
3. Generates substantially error-free products, reconstructions, data, juried exhibits or performances as appropriate to the field.

Broad Integrative Knowledge

4. Describes how existing knowledge or practice is advanced, tested and revised
5. Describes and examines a range of perspectives on key debates and their significance both within the field and in society.
6. Illustrates core concepts of the field while executing analytical, practical or creative tasks.
7. Selects and applies recognized methods of the field in interpreting characteristic discipline-based problems.
8. Assembles evidence relevant to characteristic problems in the field, describes the significance of the evidence, and uses the evidence in analysis of these problems.
9. Describes the ways in which at least two disciplines define, address and interpret the importance of a contemporary challenge or problem in science, the arts, society, human services, economic life or technology.

Intellectual Skills – Analytic Inquiry

10. Identifies, categorizes and distinguishes among elements of ideas, concepts, theories and/or practical approaches to standard problems.

Intellectual Skills – Use of Information Resources

11. Identifies, categorizes, evaluates and cites multiple information resources necessary to engage in projects, papers or performance in his or her program.

Intellectual Skills – Engaging Diverse Perspectives

12. Describes how knowledge from different cultural perspectives would affect his or her interpretations of prominent problems in politics, society, the arts and/or global relations.

Intellectual Skills – Communication Fluency

13. Presents accurate calculations and symbolic operations, and explains how such calculations and operations are used in either his or her specific field of study or in interpreting social and economic trends.
14. Presents substantially error-free prose in both argumentative and narrative forms to general and specialized audiences.

Applied Learning

15. Describes in writing at least one substantial case in which knowledge and skills acquired in academic settings are applied to a challenge in a non-academic setting; applies that learning to the question; and analyzes at least one significant concept or method related to his or her course of study in light of learning outside the classroom.
16. Locates, gathers and organizes evidence on an assigned research topic addressing a course-related question or a question of practice in a work or community setting; offers and examines competing hypotheses in answering the question.

Civic Learning

17. Describes his or her own civic and cultural background, including its origins and development, assumptions, and predispositions.
18. Describes diverse positions, historical and contemporary, on selected democratic values or practices, and presents his or her own position on a specific problem where one or more of these values or practices are involved.
19. Takes an active role in a community context (work, service, co-curricular activities, etc.), and examines the civic issues encountered and the insights gained from the community experience.

The Degree Qualifications Profile was adopted by CRDAP: April 11, 2012
